# The Quincy University GYRFALCON

Volume 45  
1994-1995

Quincy University is dedicated to the development of the individual as she or he prepares to face the future. Teaching is not done to give immediate answers to basic questions, instead to inspire a thirst for knowledge and an ability to ask the questions and find the answers. An important part of the liberal arts tradition of this University are the glances through the windows into the future, frequent glimpses at what lays ahead. The view through these windows is what prepares each student to walk through the doors at the end of this educational corridor and join the world; ready, willing and able to make the future now.

**FR. THOMAS  
BROWN, O.F.M.  
PROFESSOR EMERITUS  
OF ART  
1932-1994**

**Above: The altar in the Main Campus Chapel, one of Fr. Tom's legacies.**

**Right: Fr. Tom at work painting a mural he designed for the Friary.**

Fr. Tom Brown, for all his humble and soft-spoken ways, was truly a pivotal figure at Quincy University. His artwork and influence can be seen campus-wide, from the *Windows to the Future* sculpture to the Main Campus Chapel his visions adorn campus. His *Windows to the Future* sculpture, the last of his projects at Q.U., reminds the viewer to look at life the way Fr. Tom did; at no time should you just look out the window in front of you, look through the window beyond as well and prepare for tomorrow while you are standing in today. He dedicated himself to the priesthood for 52 years and to Quincy University for 41 years. He will be missed by all who knew him as a friar, mentor, educator, artist, and friend.

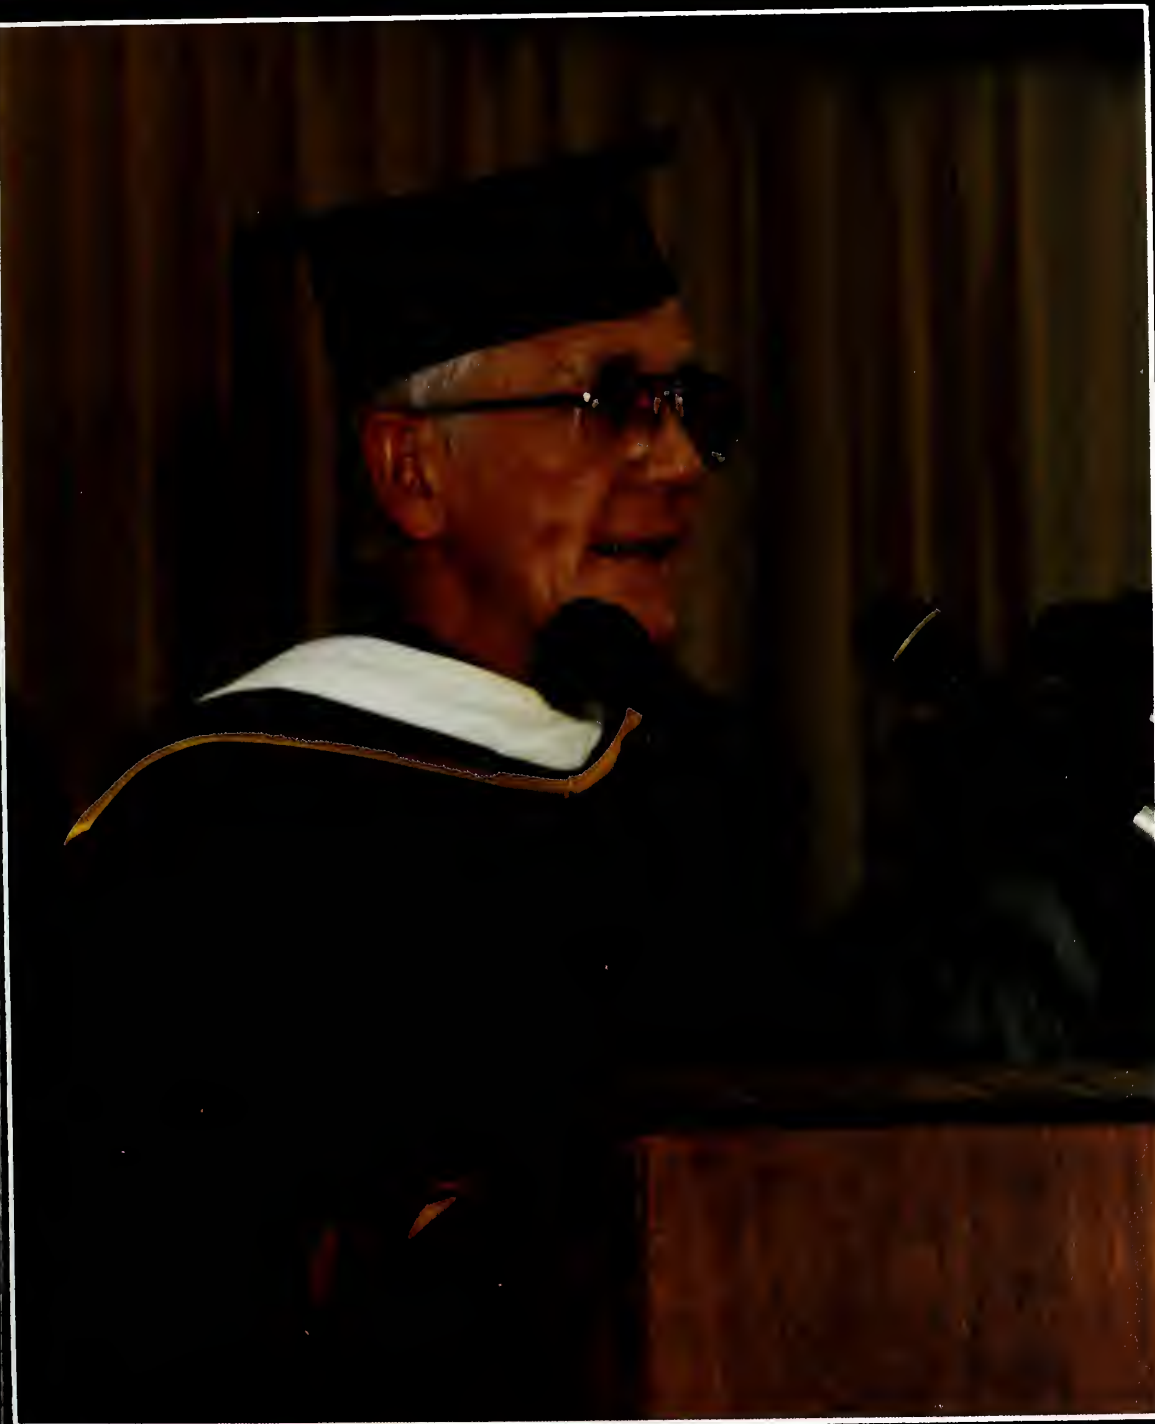

# A commitment that endures

The 1994-95 academic year was one of great loss to the Quincy University community with the loss of Fr. Tom Brown in August and the passing of Fr. Aaron Pembleton the following February. The loss is profound to those who felt their presence and to those future members of the community who will not get that chance. Truly unique, both men will be greatly missed and we dedicate this issue of the *Gyr Falcon* to their memories.

**FR. AARON  
PEMBLETON, O.F.M.  
ASSOCIATE PROFESSOR OF  
HISTORY  
1932-1995**

Alums over the past three decades will always remember the impact that Fr. Aaron had on Quincy University. From his rigorous academic expectations, including the famous 'root, hog or die' admonishment, to the carillon bells that he so dearly loved he was an integral part of the Quincy University community. Fr. Aaron worked very hard to perpetuate the Franciscan traditions and way of life amongst the students by living part time in Padua Hall for over 10 years. For many students this was their closest interaction with the Franciscan community and a part of Quincy they will long remember. Certainly a gifted intellect, Fr. Aaron's personal influence on Q.U. students is arguably his strongest legacy. To paraphrase senior Ed Gerber's comments about Fr. Aaron, '...he loved History, but he loved his students more.'

# Orientation 1994

Team YES helps to welcome new students to QU.

Orientation for first students began a few days before the start of the University community moved. Team YES members helped the new students get situated in their residence halls and meet everyone needed out to the A field for the playbill where they were given a chance to get acquainted with their fellow classmates. They also got the opportunity to get in some fun smaller bodies of the University field and the University field and Team YES also sponsored activities throughout the first several weeks of school. Among these activities were soccer, volleyball, basketball, softball, tennis, and the various sports activities. During the first several weeks of school, Team YES also sponsored activities. # Welcome Q.U. Moms and Dads!!

Fallfest, also known as Parent's Weekend, held October 14-16, 1995.

In addition to what the University had scheduled for the busy weekend, big shopping sprees, "real" food, and lots of attention were on the students' personal agendas.

The action-packed weekend began for most students early Friday evening. That night's events consisted of a cook-out/concert with *Big Daddy* and the *All Star Gypsies*, the President's Concert, Lady Hawks soccer vs. Lindenwood College, and concluded with *Blizzard of Buckies*.

Saturday began with a craft show in the gym annex, and a tailgate brunch held in the stadium parking lot before the football game against *Concordia College*. Later, the men's soccer team played *SIUE*, and the comedy improv group, *Selected Hilarity*, took the stage.

Sunday soon arrived. Ten o'clock mass was held in the chapel and was followed by a buffet-style brunch.

The weekend was a great success, once again.

Above: The saying that people will do anything for money proves true as Sophomore Joe Durbin dresses up in a baby bib and bonnet to win some cash. Right: Cedric Collazo also tries for a chance at winning the money by showing the *Blizzard of Buckies* game show host his Jockey's.

**A**s a first-year student the future beyond Quincy University seems a lifetime away. The world outside the confines of campus does not really enter our minds as the day to day routine of academic progress and social development continues. Our lives grow together as our days fill up with a seemingly endless number of tasks that have to be completed before this day can end and the next one can begin.

This routine continues on for many years, and to some it may feel like the pattern will never end. We have become so comfortable with life at QU that the outside world is only something that is vaguely referred to as a place to escape the pressure or monotony of our collegiate lives.

Then it finally comes, that time

we have looked to as so distant in the future, our senior year. A time of completion, of finishing the preparation that is so necessary for life in the 'real world'. It comes as a real shock for some, for others it is the realization of a plan developed a decade ago. Others may not know what to make of this crossroads in life that yesterday seemed a lifetime's journey away. Others come to the conclusion that the world right here is very real indeed, the decisions we have made will shape our future and have a profound influence upon the rest of our lives.

One thing that we can all agree on, however, is that QU has been very influential in our lives and that we will never forget the friends that we've made, the knowledge we have earned, or the years that we have spent together.

# Life in the *RESIDENCE HALLS*

During the first three years at QU, the Residence Halls are home for many students. Roommates and friends are always present to make you laugh or just put a smile on your face when you are having a bad day.

The joys of living with fifty other people are many. Learning to live with a roommate who snores, sharing a bathroom, and sleeping through many hours at high decimals all lend to the camaraderie that makes those same fifty people some of your closest friends at Quincy University.

## Honors Houses

Honors Houses are a unique experience for students who carry a 3.00 cumulative GPA by the beginning of their sophomore year. There are two houses on campus reserved for honors students; one for males and one for females.

This year only the female house was occupied. Heather McCallum, Cheryl Quigley, and Carly Skoch lived at 819 North 20th Street.

**Left to Right: Carly Skoch, Cheryl Quigley, and Heather McCallum.**

# Senior Houses

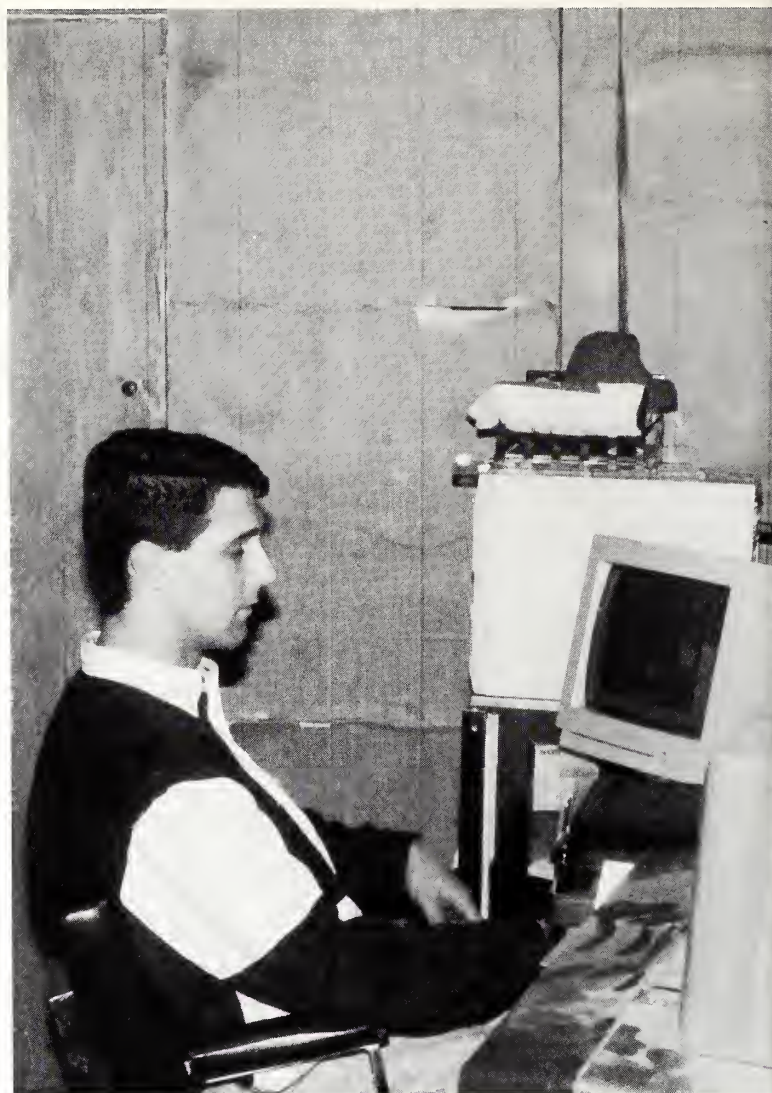

When the school year begins, groups of Seniors can be found standing on their front porches admiring their new homes. No more Residence Halls for these students, they are now Seniors and deserve the rewarding experience of living in their very own house.

The students carry in boxes of dishes, rolls of beer posters under their arms, and bags of groceries in their hands.

Toward the end of the year, these same seniors can be found relaxing on their couches inside, or on their porch swings outside their homes. The walls are wallpapered with posters, the kitchen sink is full of dishes, and the bathroom is not quite as clean as Moms. The Seniors are wrapping up a year they will never forget, and at the center of it all will be the memories of their Senior House and Housemates.

## Support Staff helps Quincy University Prosper

The individuals that keep Quincy University running day to day are instrumental in the institution's success. Their friendly faces and hard work are the backbone to Quincy's academic, social, and athletic accomplishments. These individuals are deserving of recognition for their contributions above and beyond their daily accomplishments. They are faces seen every day and make the administration's, faculty's, and students' jobs much easier. A heartfelt THANK YOU goes out to each and every one.

## INDOWS TO THE FUTURE

# *Athletics*

Rasaan Hall adds two points to the scoreboard during first round action in the NCAA tournament at Memorial Gymnasium.

## Success continues to build...

One of the ongoing traditions at Quincy University is a vital and competitive intercollegiate athletic program. What makes the QU program distinctive is the strong commitment to maintain a high level of academic success while also fielding winning teams. QU athletes are encouraged to be the best they can be in the classroom and in the game; to earn a quality education and to represent the University in the spirit of competition and good sportsmanship that the NCAA was founded on.

QU's teams continue to be a strong example to others. This year the Lady Hawk Soccer Team hosted the quarterfinal round of the NCAA Division II Women's Soccer Championship and traveled to New Hampshire to play in Final Four competition. The Hawk basketball team also hosted an NCAA Division II tournament game and traveled to Ohio to play in the second round of the regional tournament. Hawk Football successfully defended last year's Illini-badger conference championship by posting an 8-1 record for the season.

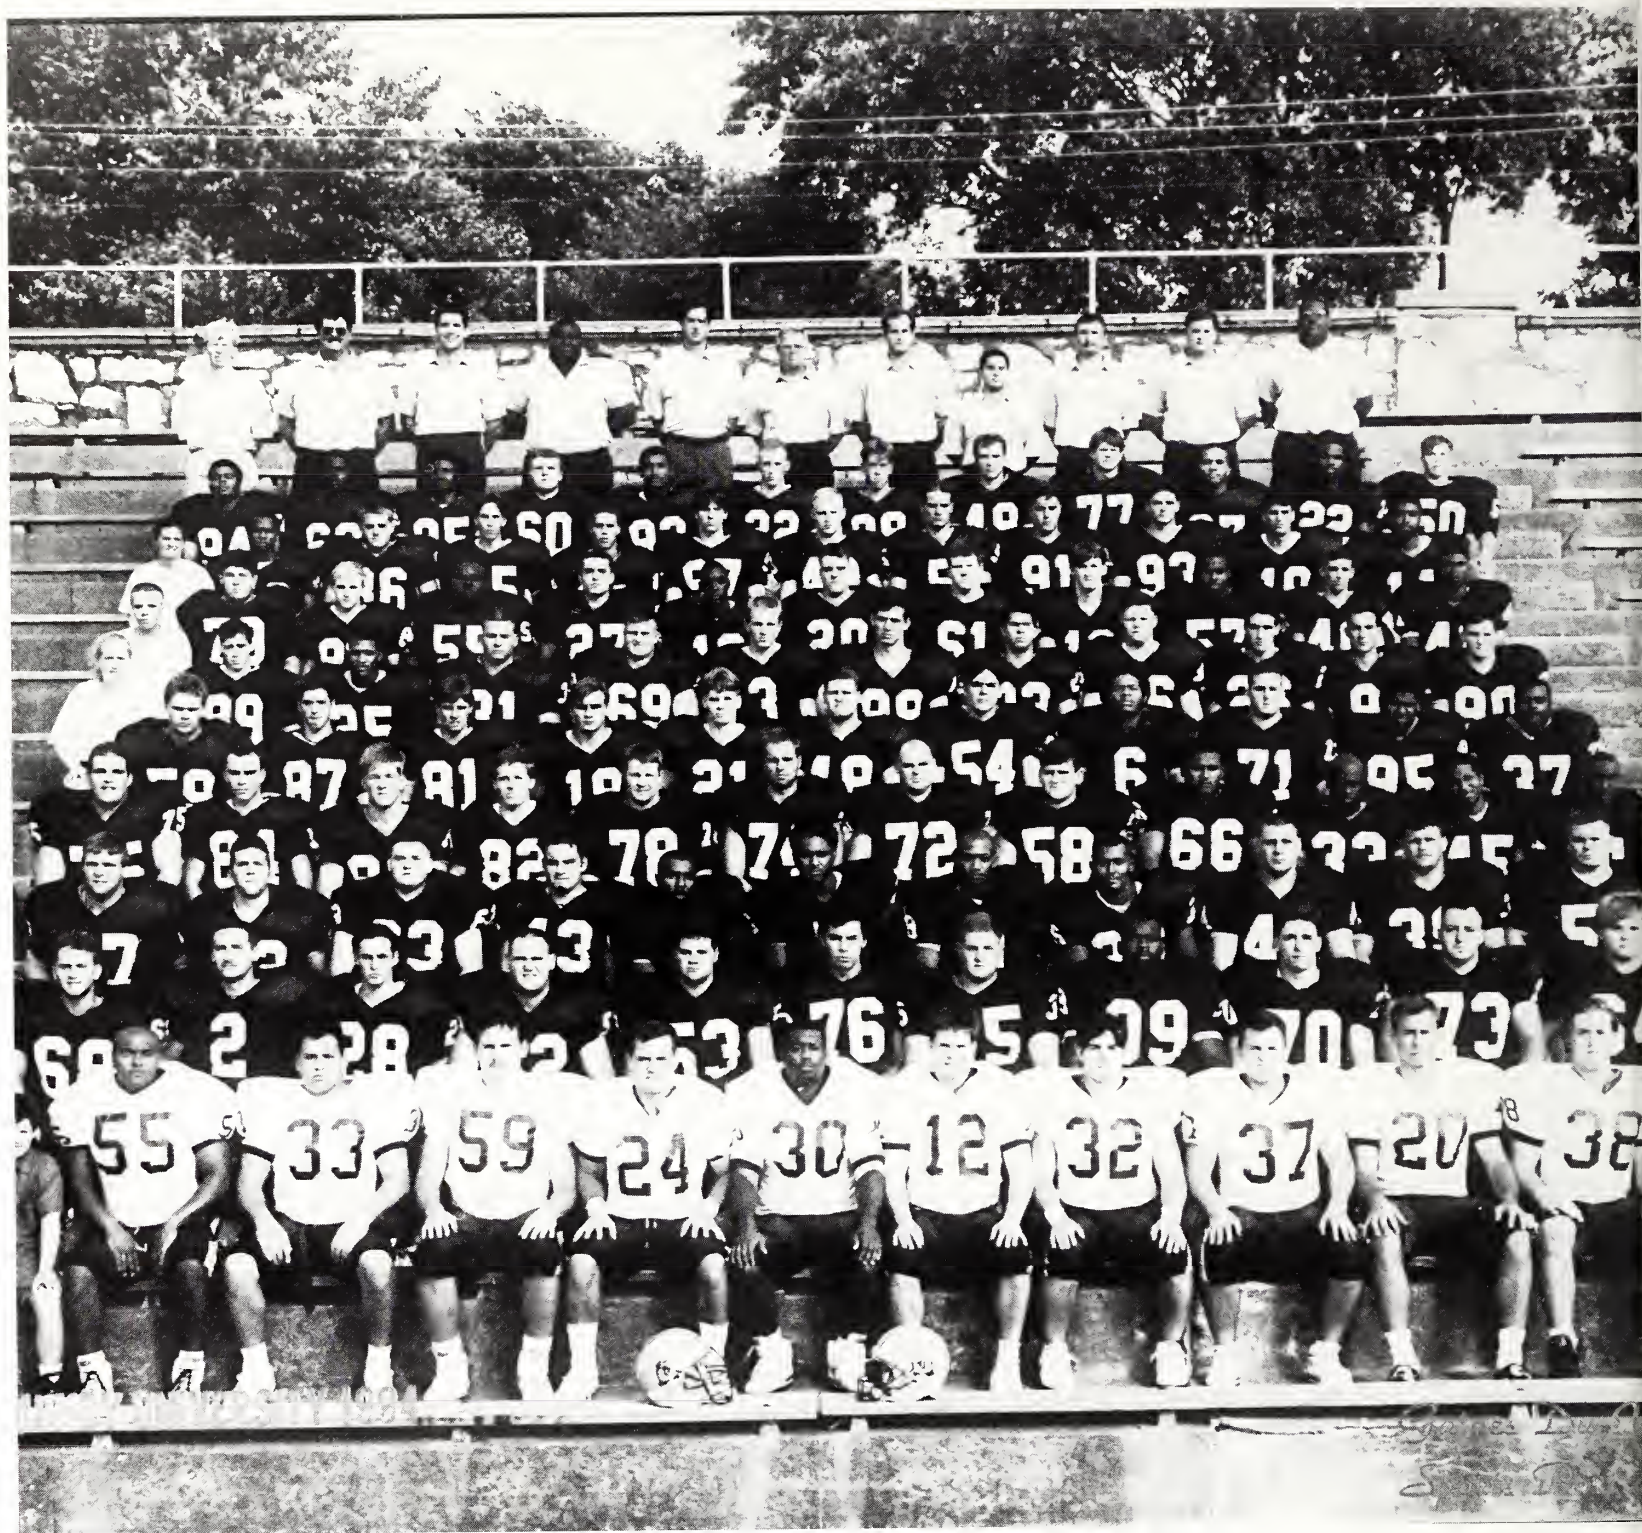

Quincy's winning tradition, coupled with academic success and integrity, has allowed the Hawk and Lady Hawk athletic program to develop a national reputation as tough competition. This tradition is bound to develop and further establish QU as a force to be reckoned with in NCAA Division II athletic competition.

Hawk defense swarms the opponent during their winning season.

## Hawks Continue Winning Tradition

Quincy University's varsity football squad finished another great season by capturing their second consecutive Illini-Badger conference championship. Once again a unique combination of talent and dedication on the part of the players and coaches set the stage for an almost perfect season. The football Hawks also retained the Ole' Mississippi River Bucket by defeating their arch-rival, Culver-Stockton College, 52-18. Next year, the Hawks return a strong nucleus in hopes of winning thier third straight conference championship. Good luck!

## Dreams Become Reality For Lady Hawks

Keene, New Hampshire, location of the NCAA division II women's soccer championship. A place where most teams can only dream to be. Finally, our dream came true. After three months of hard work, dedication, and commitment, the Lady Hawks were one of the final four teams in the country. Over the years we have come so close, but this year was unique due to many experienced players and an incredible group of very talented freshmen.

As Seniors, going to the tournament was something we've been striving for since our first year at QU and as captains. It was a great honor to lead a team with such unity and desire to play the game. It is an experience that is difficult to explain, but a feeling we will never forget.

We would like to thank Doc, Tom Bower, Jim Naumovich, and all the fans for making our last season such a rewarding and unforgettable one.

Thanks for four great years,

## Hawks Hold their ground despite injuries

The soccer Hawks started off the 1994 season in promising fashion, winning the Southwest Missouri State tournament with solid wins over Drake and Southwest Missouri. After dropping our first ever Mid-Continent Conference game to rival Eastern Illinois, we went on a roll compiling a 4-1-2 mark in our next seven games. Included in this stretch were good showings in the QU Soccer Bowl III Tournament and the U. S. Military Academy Tournament where we posted our most impressive victory of the season, a 2-1 overtime win over a very good Army team. However, we were plagued with injuries as several of our key performers missed significant playing time. As a result, we struggled through the second half of the season managing only a gutsy win over UMKansas City and a nice victory over Western Illinois on our Senior night. As the 1994-1995 Hawk squad, we finished with a 8-8-4 record including a 3-4-1 conference record.

We had three players named to the first team All-Conference team ( Joe House, Gary Hylton, and Craig Hingle), and one Hawk on the second team (John Kluba).

The 1994-1995 individual Hawk awards were presented to:

Joe House	Rookie of the Year and Golden Boot
Craig Hingle	Best Defender, MVP, and Silver Boot

	Craig Hingle, John Kluba,
	and Jerrod Evans

# Lady Hawk Volleyball

Lady Hawk Volleyball has fun while compiling a 20-12 Record

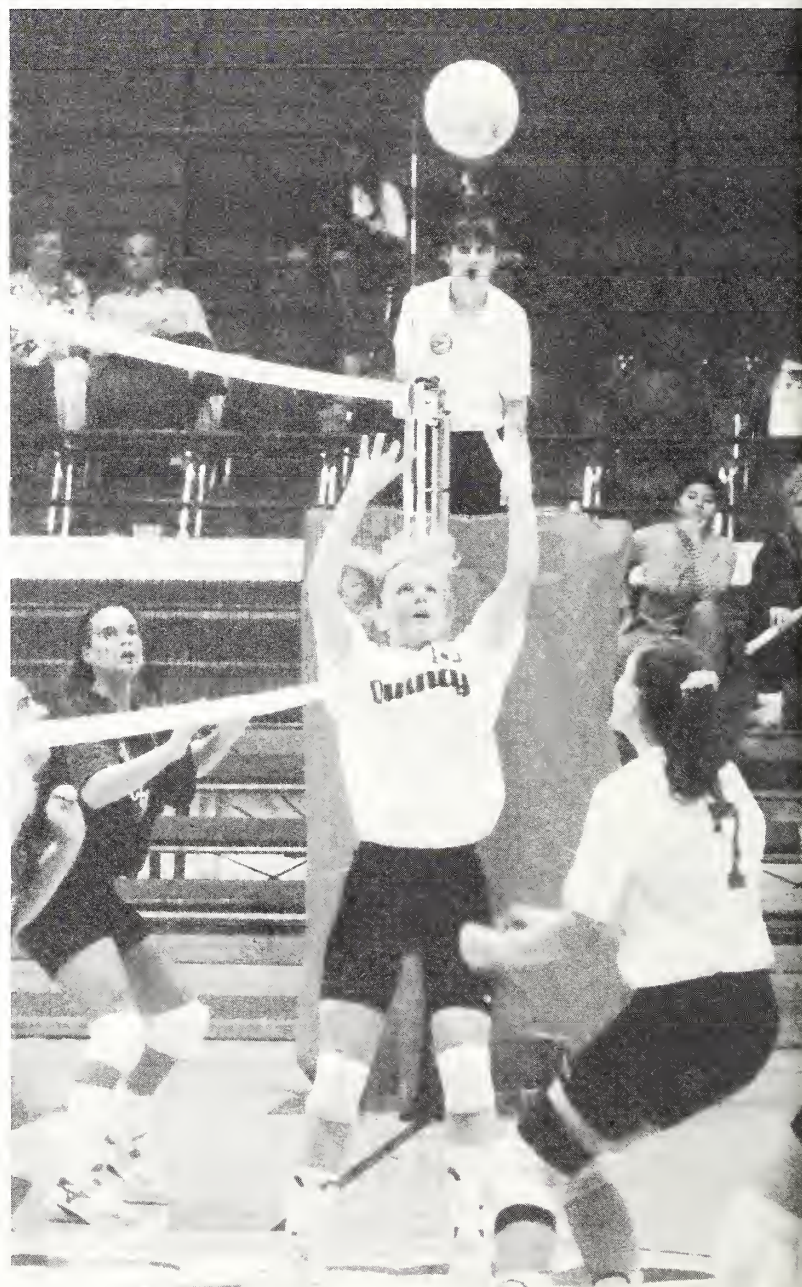

When I look back on our volleyball season, all I can do is smile and laugh. Having fun playing the sport we love was a big reason for our success. Whether we won or lost, we always came away with a smile because we knew that we had so much to look forward to (like long rides home crammed into one van). This year was an exciting year, as we were able to play many of the top teams in the region and in the nation. Our most memorable moment was probably when won one game against NCAA Division II powerhouse, Northern Michigan.

I'll also never forget the fun times we shared. The "Brady Bunch", the tattoos and dreadlocks, and of course spiders (our own invention to keep coach awake), were our fun moments that kept us looking forward to the next game. With our strong desire to win and our ability to have fun along the way, I hope we will see action in the NCAA Division II Tournament next year.

## Volleyball team takes initiative to revive and rebuild program

This year the Hawk Volleyball season was one of new beginnings. We received a new coach, Mrs. Jeanmarie Becker, who was very instrumental in the changes made to the program.

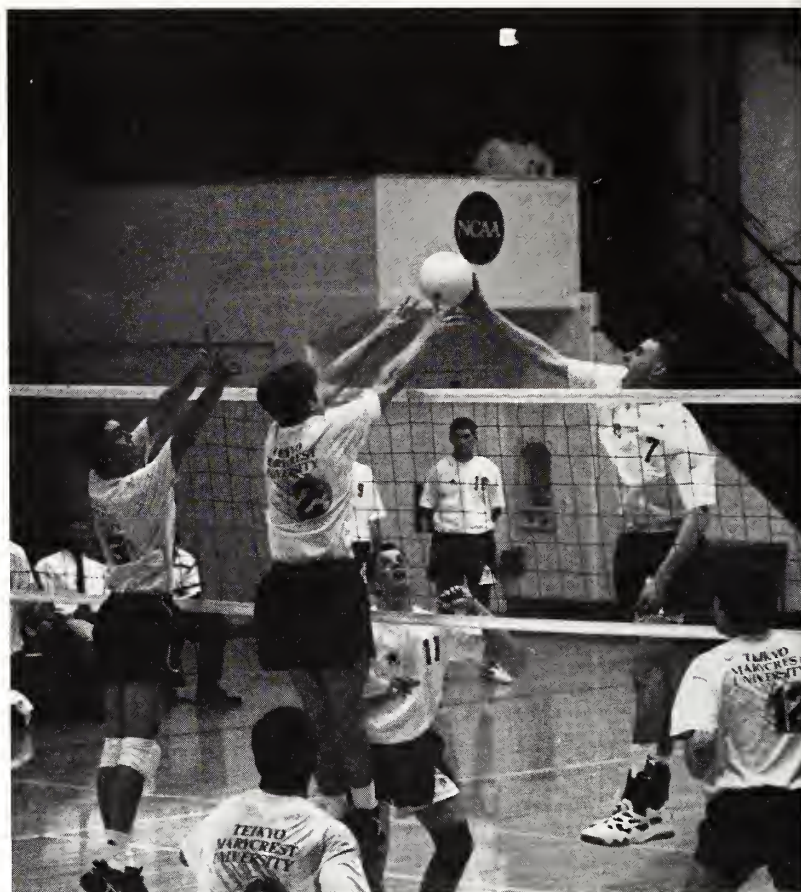

This years squad returned only three players, but brought in new talent from around the country. We rededicated the program and ourselves to winning and building a strong foundation for the years to come.

We began to see just how far the program could develop when we defeated Ambassador College late in the season.

We hope Hawk Volleyball will become a powerhouse in the future, and this year's squad can very proud to say that we were the elements of change that brought about this new identity.

### Lady Hawks Look to the Future after mediocre year

Although our record was not above 500, this year's squad has potential to become a strong contender in the future. Our team was filled with young players like Jamie O'Brien, Katie Freeman, Laura Sorensen, Becky Beals, and Danyelle Harrison. Along with these talented freshmen, we returned some strong upperclassmen. I will never forget the memories and the ability that this team possesses. I also hold my four years as a member of the Lady Hawk basketball team close to my heart. QU's reemergence of a strong athletic department is sure to produce some strong showings in future NCAA tournaments. I will always be proud to call myself a former QU athlete.

## Hawks Advance to the National Tournament

The 1995-1994 Hawks will be remembered as a talented team that reached the second round of the NCAA tournament. I think what we were most proud of, however, was how we overcame adversity throughout the year.

At the beginning of the year we had many new faces, still uncomfortable with the system. In addition, the loss of our assistant coach, Jeff Dunlap, had a great affect on our team. The inexperience coupled with our coach's departure resulted in a disappointing 5-4 record at Christmas break.

With our backs to the wall, this year's team did not fold. Led by seniors Rasaan Hall and David Langley, we won ten straight games and put ourselves into contention for the national tournament.

But once again we faced adversity, the month of February consisted of seven games on the road, none at home. After losing the first game of the road trip, we went on to win seven of eight games, making it to the second round of the national tournament.

This years team relied heavily on David Langley's presence, Rasaan Hall's leadership, and the guidance of Coaches Walsh, Foster, Hawkins, and Dunlap. Their hard work will always be remembered.

## LADY HAWKS' FRIENDSHIPS FOSTER SUCCESSFUL SEASON

The Lady Hawk Softball team posted a 35-15 record for the 1995 season. We started off with very optimistic attitudes about our chances for post season play. As the season went on not only did our chances for playoffs increase, but we started to unite as a team. The van trips, sharing hotel rooms, dressing up like dancers while we were on the road, reading from the "Holly Bible," eating skittles, talking about boyfriends -oops- I mean NOT talking about boyfriends, "holding back water," and discussing whether carpets were DuPont or Stainmaster- all contributed to the entire team becoming very close friends.

Unfortunately one bad weekend and a six-game losing streak sealed our fate and chances at the playoffs. This was particularly disappointing to me for two different reasons. The first was the fact that I was a senior, and it was my last chance to make the post season.

Secondly, I was going to miss hanging out with some of the greatest people I have ever met. The girls, our coaches, John and Ralph, and our faithful fans will always have a special place in my heart.

Even though we didn't make the playoffs, we did very well as a team, and I am very excited for the Lady Hawks next season. The team's talent is extraordinary, and the potential to be great even larger. So I just want to warn their opponents to watch out next year. The Lady Hawks will definitely cause them trouble. Also, I want to personally say thanks for a great year. The time we spent together was invaluable. I'm really going to miss you guys. Good Luck.

## Seniors Lead Hawks to 31-23 Record

This year our squad started three seniors in the outfield, three seniors in the infield, and we had two seniors as starting pitchers. We looked to have a strong season along with a possible tournament bid. Things were looking great especially after we were able to go head to head against the preseason number one, Mansfield, during our spring break trip to Florida. We pulled off a 6-2 win and were then ranked in the top 25. Our highest ranking of the season was 19th when our record was 15-6.

Over the second half of our season, however, arm and back problems effected our pitching staff. Heath Tagtmeyer and I were then relied on for most of the innings. Another problem that stunted our productivity was an extended hitting slump.

Our 1995 season ended with a 31-23 record. Although the finish was disappointing and slow, many team and individual records were accomplished. I, personally, will never forget my personal accomplishment of throwing a no hitter against Missouri Baptist on April 28th.

## Women's Tennis rebuilds with a positive attitude

The 1994-1995 school year was an interesting one for the women's tennis team. We had ups and downs, wins and losses. If I had to sum up the year, I would say overall, it was a rebuilding year. April Thomas, Becky Pugh, Adrienne Acuff, and Vicky Kenny had never played competitive tennis before, but they really put their heart in it and gave it their all. Since there was not a lot of experience on the team, we did not have that many victories, but we smiled through it all. If there was one thing we did well as a team, it was having fun.

Being one of the only seniors on the team, I played the number one seed and had four years experience under my belt. I saw much improvement in the other girls during the course of the year. I really learned a lot. Jane Watson, 2 year veteran, was the only other senior on the team. Kim Allen and C.C. Gilmore also added to the team's depth with previous experience. As a team, we all learned "It is not whether you win or lose, but how you play the game."

### Hawks Look Forward to Success in the Future

This year was a year of rebuilding for the Hawk Tennis team. The team was comprised of mostly freshmen and sophomores. Although we did not have the experience behind us like most teams did, it did not stop us. We got off to a great start. We posted two victories over rival Culver-Stockton. As the season continued, so did our success. We finished the season with high hopes and expectations for the 1995-1996 season.

### Cheerleaders Worked Hard to Develop a Much Improved Squad

The 1994-1995 Cheerleading Squad worked hard year-round to make our squad a success. Last Summer, instructors from UCA (Universal Cheerleaders Association) came to the QU campus to coach us and help us with things we wanted to accomplish. With their help, and with the new cheerleaders who joined our squad, we made improvements that we are all very proud of. Our main goal was to provide an entertaining atmosphere for QU sports fans and to have fun as well. We feel as though we accomplished this goal, and improved the quality of cheerleading at Quincy University.

Athletic office is large part of QU's winning tradition

The Quincy University Athletic office allows the athletic teams to worry about their performance alone while it takes care of all the paper work.

Hosting the Athletic Director, this office takes care of contracts, scheduling, and all of the behind the scenes work that goes into QU's athletic success. ## Fans are key to Quincy's Athletic Success

Quincy's fans are a big part of the University's winning tradition. The fans are always there to cheer on the athletic teams and help them reach a higher level of competition. Faculty, staff, parents and the community combined with the student body help make up the cheering sections at all of the athletic events on campus.

This year the fans had a lot to cheer about. The women's soccer team hosted a quarterfinal match and advanced to the semifinal round of the NCAA Division II Tournament. The men's basketball team also received a bid to the NCAA Tournament, and the football team held on to their conference champions title. These accomplishments are due in part to all of the QU fans.

Ask anyone at Quincy University why they value their experiences here and you can be certain that the people they live with will be included in their answer. As memorable and important as class time and education are, campus life adds an equally important component to the collegiate experience.

From chats with friends to strolls down Penny Lane, from IM Championships to campus activities and dances, the memories and lessons we will develop living together will last a lifetime.

The knowledge garnered from the degree program will always be a helpful tool, but the days and nights spent living together will become the memories that produce a smile when one thinks of QU.

Competition and fun make intramurals for everyone at QU

# Intramurals

Intramurals are always something returning students look forward to at QU. The freshmen learn to love these games, and everyone looks forward to sporting a championship T-shirt.

Intramurals have always been a large part of the QU tradition. Whether you participate in soccer, football, co-ed volleyball, pickle ball, bowling, or any of the other sport offered, you are sure to find some good old fashioned fun and stiff competition. Many students will participate all year round and build strong friendships and competitive rivalries.

The Webdah Rebs have dominated the QU intramural scene for the past four years, but as they graduate every intramural participant is hoping that their team will come to be the dominate force on the football field, soccer field, or basketball court in the years to come.

Intramurals are for everyone at QU. Women as well as men have fun on the field and on the sidelines. Everyone is sure to look forward to competing in the years to come, and hopes to take home the coveted T-shirt and the bragging rights for one more year.

# Live Entertainment

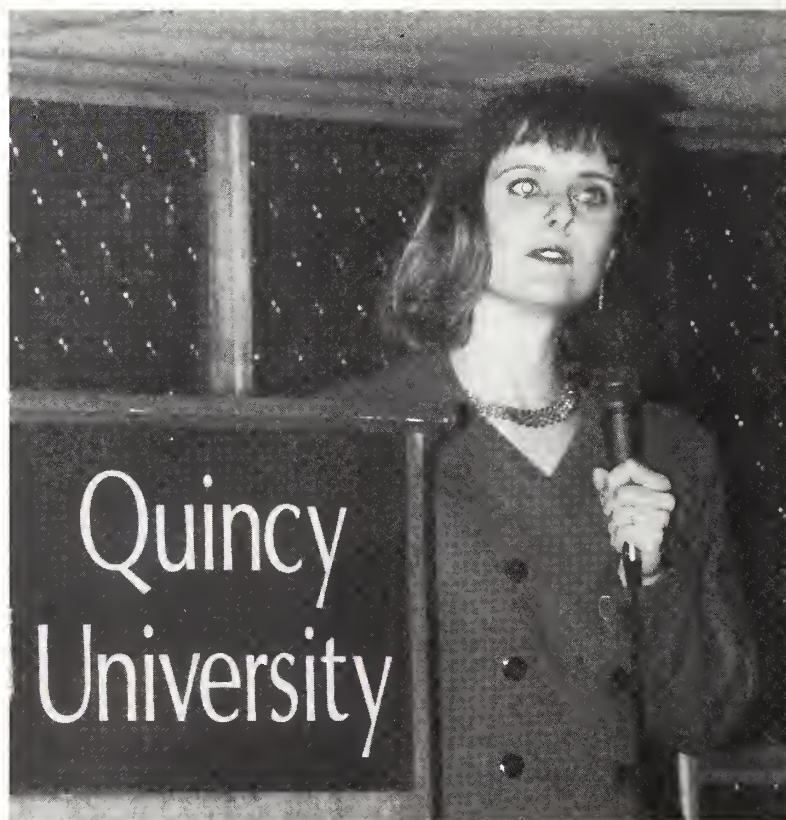

Matt Strohmeyer (Right) shows comedian Tom Murphy his own body building techniques after "The Murph's" routine focused around such stunts as body building, fire eating, and unicycle riding.

Many new entertainers and speakers joined the Quincy University community this year. The Campus Activities Association presented a full scale of top-name performers who brought their time and talent to the QU campus. Students enjoyed a taste of big-city entertainment right here at QU.

# Music Department 1994-1995

Inside Solano Hall, home of the University's Music Department, lessons and very long hours of practice took place providing growth and development of Quincy University's student musicians this past year. Everyone looked forward to the concert season when performances by the Madrigal Ensemble, Chamber Choir, Jazz Choir, Symphonic Band, and some very gifted soloists spotlighted the end product of study and preparation.

Many fine programs were presented during the 1994-1995 year including the Pops Concert in the Mall, Festival of Carols, and The President's Concert; as well as additional performances by both choral and instrumental groups. In addition the Chamber Choir performed in Florida this past year. The musical "Red Hot and Cole" played to large audiences at MacHugh Theater.

Quincy University's outstanding music department faculty has long been recognized for the excellent preparation and experience it provides students in planning for careers in teaching, performance, and other music related professions. In addition, QU's student musicians extend their talents outside the music Department, assisting in the Campus Ministry Program and performing for a number of school functions throughout the year such as basketball games and commencement.

# Mother's Weekend 1995

Interhall once again succeeded in planning a fun-filled weekend for QU moms February 3rd-5th. To start the weekend off on Friday night moms were invited to Bingo night in the Main Dining Room.

Saturday morning, moms were treated to "breakfast in bed" which was served in the lobbies of all the dorms. Later Saturday morning, moms had a chance to browse through the craft show sponsored by the Lady Hawk basketball team in the Gym Annex. Then it was on to brunch in the Main Dining Room where Willer Hall presented the annual fashion show. Saturday night, Rick Kelly entertained QU moms and students with his musical comedy.

Mother's weekend concluded Sunday morning with a special mass celebrated in the QU chapel followed by brunch in the Main Dining Room.

Able Fitz and Beth Cramer entertained the QU moms and students with their dance moves during *The Rick Kelly Show*.

John Paunan woke up just in time to show off his patriotic sleep attire at the fashion show.

John Mizera demonstrated the art of hula-hooping.

Spending quality time together, Michelle Peters and her mom visited the craft show held annually in the gym annex during Mother's Weekend.

Bill Weckback and Craig Hingle played bingo with their moms.

Bill Duke danced with his mom.

# Father's Weekend

Father's Weekend was a great success again this year. QU dads were invited to participate in Casino Night on Friday to win play money and cash it in on great prizes. Although golfing at Westview Golf Course was scheduled on Saturday morning, it was canceled due to the snow. However, dad's could still take in a Hawk's baseball game at QU Stadium later in

the day and relax that evening with Comedian Scott Henry doing the entertaining in the Main Dining Room.

Sunday mass followed by brunch closed great March 31st - April 2nd weekend. Both dad's and QU students took with them many great memories.

# SIBLING'S WEEKEND

This year Sibling's Weekend hosted an awesome assortment of activities for the sibs. The events took place the weekend of September 23-25. Friday night was Y-night and many sibs could be found swimming, playing basketball, or just watching the many events taking place. Saturday was a full day starting off with breakfast and a movie. In the afternoon, there was a football game and bowling while the evening brought *Murph, the Physical Comedian*. *Murph* was followed by an ice cream social to finish the day.

The Mass Sunday morning at the QU chapel marked the end of another great Sibling's Weekend.

# Dancin' and Romancin' at QU

The Cafeteria is turned into a stage to dance the night away several times a year.

The lights are turned down low, the music fills the room, and the time is right for making special memories at a QU Dance. Whether it's the naming of a new King or Queen, cutting a rug with good friends, or dancing cheek to cheek with that special someone, QU Dances are special times. They provide an escape from the everyday pressures of academics and a moment of pure enjoyment to our unforgettable years at Quincy University.

# Campus Pride Day

## 3rd Annual Event improves QU Environment

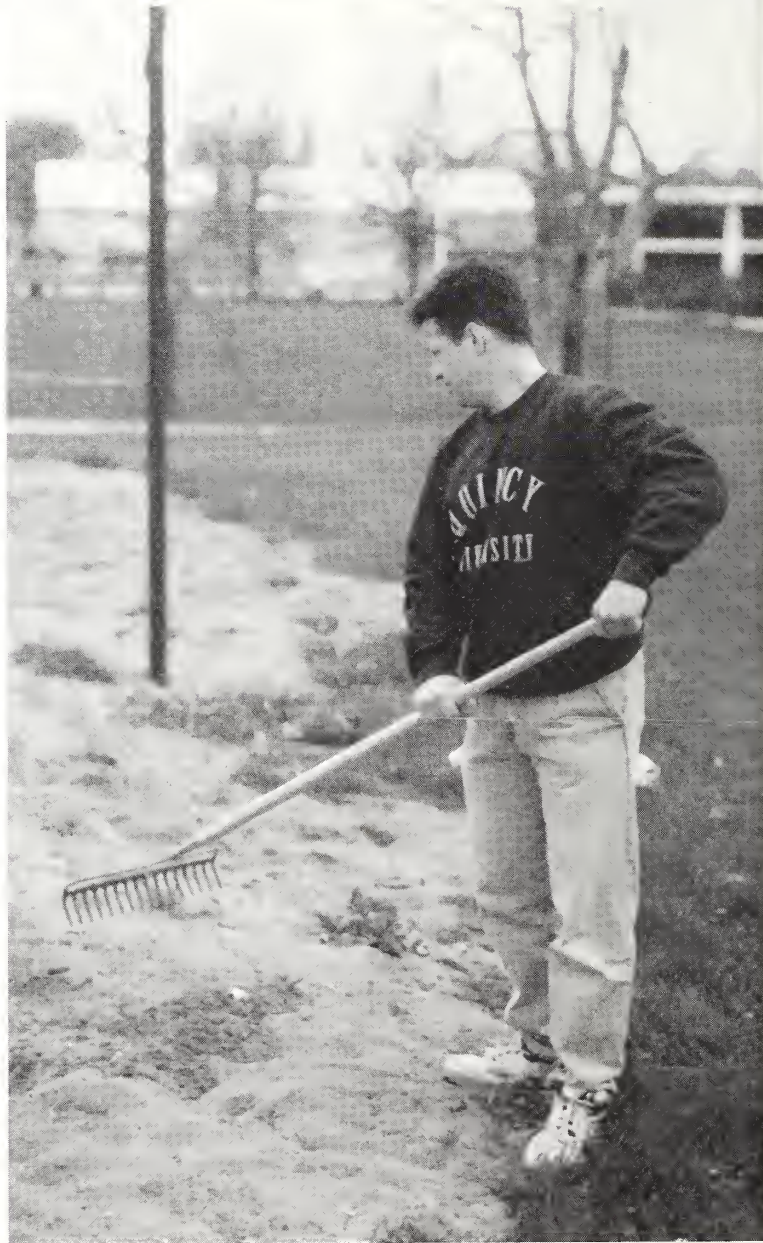

Campus Pride Day was held on Friday April 21, 1995. The day was characterized by a festival atmosphere. A stereo and loud speakers were set up outside, and students were encouraged to sign up for and complete various tasks. A special project focused on the cleanup and improvement of QU Stadium, home of the baseball Hawks. Other activities that took place included general maintenance of the grounds, planting trees, and cleanup of residence

halls and houses.

Campus Pride Day was created three years ago in 1993 to coincide with Quincy's status change from college to university. Campus Pride Day soon became an annual event in conjunction with Earth Day. It is intended to be a fun day for students, while at the same time reminding them that if everyone takes care of their own backyard, environmental problems will become less severe.

Ann Comerford stopped collecting litter for a while to talk to Matt Garrett, Sharon Fisher and Erin Pesek who planted flowers in front of Willer Hall.

# Hawk Wild

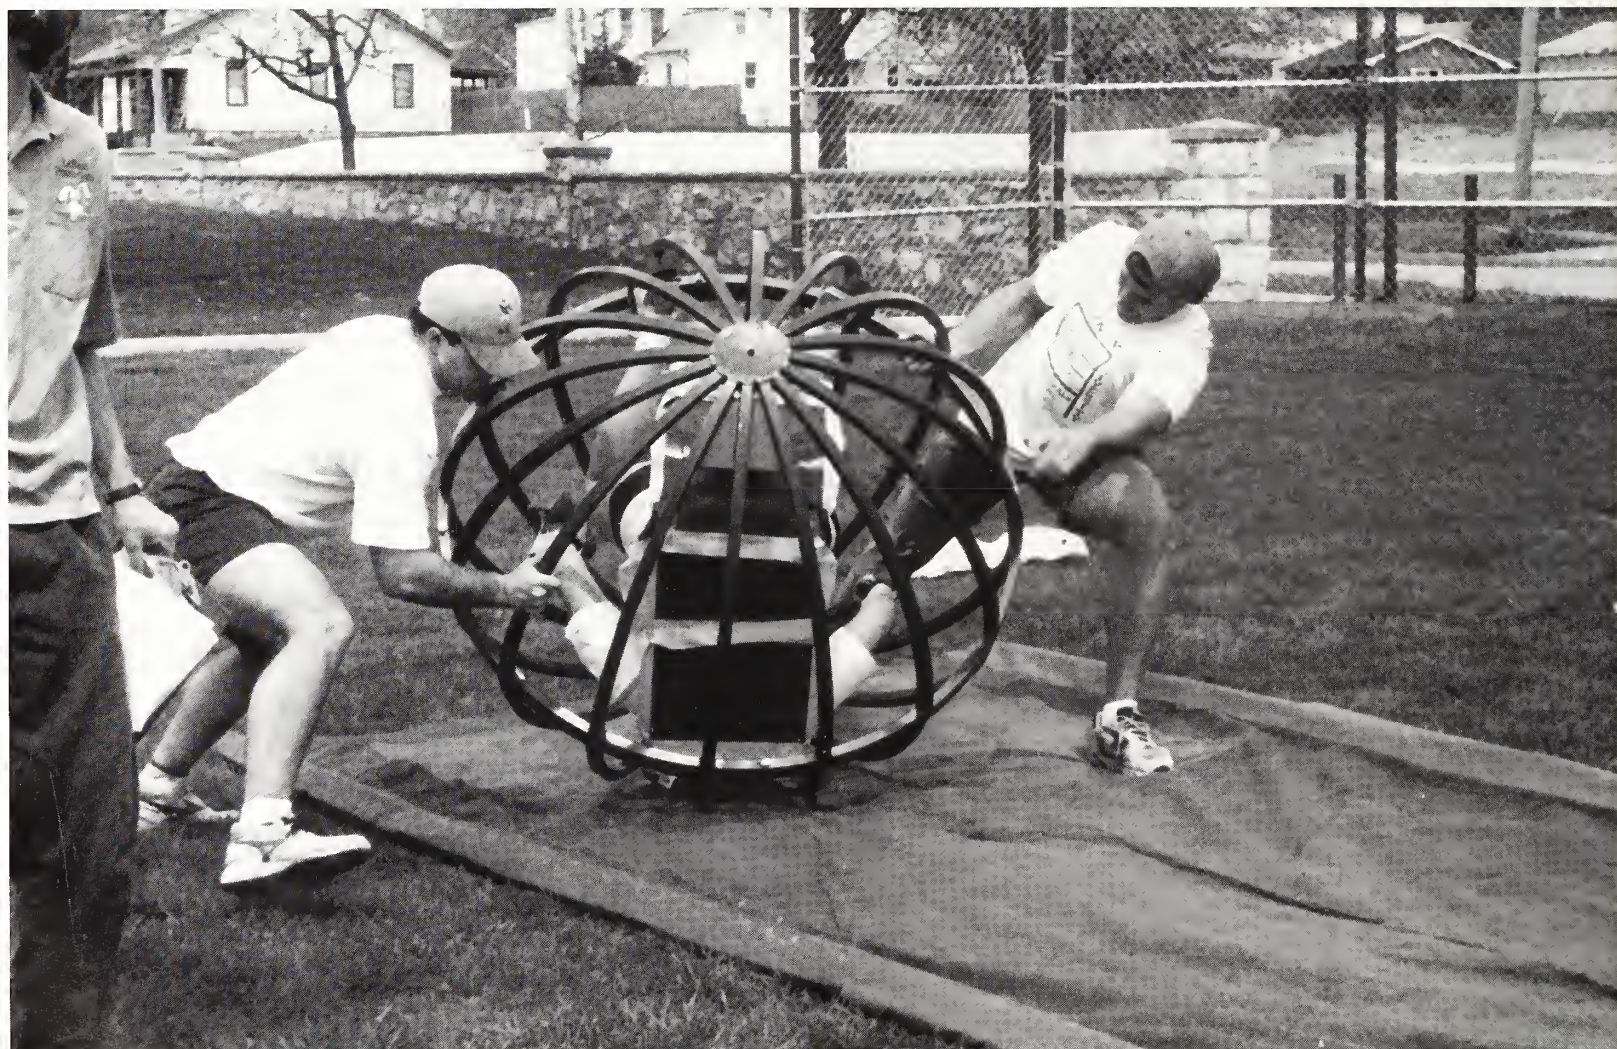

## Day of friendly competition provides fun for everyone

Saturday, April 22nd, was proclaimed "Hawk Wild Day" at Quincy University. The day featured a friendly competition between teams of six to eight students who participated in a variety of unique games. The event was intended to be a "play day" for students following the previous day's chores, giving them a chance to relax and unwind.

Highlighting this year's competition was a "human bowling" match. Students sat in a huge metal cage ball, and their teammates "bowled" them toward life-size pins. Other games included the inflatable ladder climb, bobbing for apples in oatmeal, a water

balloon toss, tug-of-war, and volleyball. Teams who participated in campus cleanup prior to the competition were awarded extra points toward their Hawk Wild Day game total, and the winning team received QU paraphernalia from the University Bookstore.

All in all, the day was a great success and a good time was had by all. The students were able to take advantage of the warm weather, create a feeling of camaraderie on campus, and unwind before finals, while still acknowledging and acting upon QU's Franciscan commitment to the environment.

# Campus Improvements

1994-95 brought many changes to the Quincy University campus. One of the more noticeable improvement projects was the QU bookstore's new look. Changes included the main entrance being moved from 18th Street to the walkway between Francis Hall and Padua, a new roof, and a new brick exterior.

Other projects included: new tennis courts, a new stairway and entrance on the west wing of Francis Hall, and face lifts for Garner Hall and the Apartments.

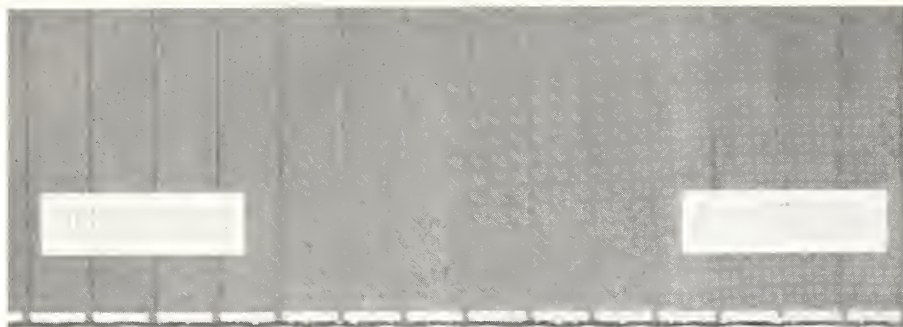

These renovations improved the QU campus this year, and many more changes are yet to come in the future.

## INDOWS TO THE FUTURE

Back Row: Fr. Victor Kingery, Joe Durbin, Melia Huelsmann, Jay Carney, John Mizera, Chris Gerber, Tiffany Frericks, Todd Burrell, and Fr. Harry Speckman

This year's Campus Ministry tried to continue some of their existing programs as well as adding some new ones. The year began with an Ice Cream Social for all new students. Then the Council began meeting twice a month. The Cake Sale and delivery program had a remarkable start. The totals for this year's program far exceeded last year's.

The organization of the worship and chapel choir were under the planning of David Flaherty until December when he moved to Virginia. At this point, Sr. Lorraine DeFebbo assumed his position. Among her main goals was having the Campus Ministry House used more by the students. A panel discussion about the different Christian religions here on campus spurred an idea to have a Religions of the World panel discussion. Along with the council and Sr. Lorraine, Sr. Ann oversaw all of the activities as Campus Ministry strove to be more active in campus life.

Jen Dickherber and Chris Gerber enjoy the good food at the Volunteer Appreciation Picnic.

# Resident Assistants

Resident Assistants are very crucial to the success of a Residence Hall. Who else would be able to get you into your room when you locked yourself out or tell your neighbor to keep her radio down at 3 o'clock in the morning? Although residence assistants must uphold the rules and regulations of the halls, they often provide a good ear and even fun activities and events for their residents.

RA's uphold long hours, and many responsibilities. These special students deserve a pat on the back for the many times they have went above and beyond the call of duty for their residents.

# Campus Activities Association

The 1994-1995

C.A.A. had a very busy year.

Under the direction of Jim Reis, members planned numerous events to keep students entertained throughout the year. Some of the events they sponsored included comedians, hypnotists, and a movie series. The highlights of the year included Siblings Weekend, Mother's Weekend, Father's Weekend, Parent's Weekend, and Hawk Wild Weekend.

# Interhall

Interhall is an activities group that sponsors events for students and help to maintain a productive atmosphere in the residence halls. Some of the annual affairs which Interhall sponsors are Little Sibling Weekend, Mother's Weekend, and Father's Weekend.

Interhall also sponsored the 1994-1995 Film Series at North Campus Theater. They are dedicated to creating a more enjoyable and constructive environment for Quincy University students.

**Interhall members (Back row):** John Mizera, Lauren O'Flynn, Ann Comerford, Advisor; John Paunan. **(Middle row):** Missy Mueller, Colleen McDermott, Fern Crescini, Mara Yerkes, April Thomas. **(Front row):** Becky Pugh and Becky Peterson.

# Union Board

The Union Board consists of Union managers selected at the beginning of the year. Each month activities such as Twister, Ping-Pong, or Pool tournaments are sponsored and prizes awarded to the winning teams. Union managers are ready to assist in providing a comfortable, playful environment for students away from the pressures of academics.

The 1994-1995 Falcon staff worked diligently to deliver the most current news to the campus. While maintaining a commitment to accuracy and journalism, the staff reported on sports, campus activities, and members of the QU community. Feedback from the community was especially valued. The staff was also eager to print the letters of students and faculty who were willing to voice their opinions on specific issues. All the interviewing, photographing, reporting, editing, advertising, and long hours involved in layout led to an enriching learning experience of how a newspaper is produced.

The *Gyrfalcon*, QU's yearbook, underwent many changes this year. The yearbook, which has always been affiliated with the Public Relations Office, was put under the direction of The Student Affairs Division. The change involved a move from Francis Hall to the Student Union. The old Student Organizations Room was renovated to provide a better atmosphere in which both the yearbook and newspaper staffs could work together. The staff put forth a great deal of hard work to produce the 1995 *Gyrfalcon*.

# Needs Of Our World

Needs of Our World is a group organized through Campus Ministry to study, raise awareness, and act with regard to social justice concerns and needs of our community, nation, and world. Activities include: World Food Day, Oxfam Hunger Banquet, Peace Justice Week, Central America Week, Earth Week, and other peace, justice, and environmental activities.

Standing (L to R): Michelle Zimmerman, Theresa Velasco, Rachael Burke, Chr Gerber, Jen Dickherber, Jesse Jones, and Melia Huelsmann. Sitting (L to R): Debbie Benz, Eryn Redig, Meghna Hindia, and Susie Krause.

# International Cultural Exchange

ICE was founded by students who wanted to enjoy themselves while learning about and experiencing a variety of cultures and backgrounds. Famous for its monthly dinners, ICE also offers programs ranging from creating origami to live South American music. ICE is a place where students, faculty, and staff are able to exchange ideas in a relaxed environment. Membership is open to all, and they welcome the attendance and contributions of new members.

Above (L to R): Allyson Brady, John Paunan, Mike Dietrich, and April Thomas enjoyed a game of cards at a Coffee House sponsored by I.C.E.

# Judicial Board

Quincy University's Judicial board is responsible for presiding and judging on violations of school policy. Although many violations are handled within the residence halls, the Judicial Board hears cases of repeat offenders or serious violations of University policies.

The Board is composed entirely of students, selected in accordance with procedures established by the Student Life Committee. This Board is responsible for deciding guilt and for deciding what penalties are appropriate for the violation.

**Standing (L to R):** Eric Carter; Coordinator of Judicial Affairs, Christine Sohl, Todd Eyler, Carrie Bechtold, and Bryon Downing.  
**Sitting:** Christine Deakos, Tony Graves, and Chris McDowell.

# University Board

The University Board is another disciplinary board on campus. The University Board functions much like the Judicial Board, but generally deals with much more serious cases. Many of these cases may warrant Disciplinary Suspension or Dismissal.

The University Board is composed of three faculty members and three students. This Board is a University Administrative committee and thus members are appointed by the president.

**Standing (L to R):** Eric Carter, Mike Haddon, and Dawn Terstriep.  
**Sitting:** Dr. Wendy Beller, Fr. Ken Capalbo, and Mike Martin.

# WQUB

WQUB provides an opportunity for students to get hands-on experience in the radio industry. The radio station also provides a valuable service to the community as it is the only public radio station in the area. It broadcasts not only student DJ shows, but also National Public Radio and Public Radio International programming.

**WQUB members: (back row):** Lisa Butler, Cliff Gibson, Chris Myers, Layla Parker, Gregory Fleischer, Matt Zeni, Advisor. **(Front row):** Kim Barnes, Jennifer Beard, Phil Hanson.

## Circle **K**

**Maureen McMullan contemplates the next Circle K event.**

Circle K is the oldest service organization on the QU campus. They raise money and do volunteer work not only on campus, but also within the community. Their largest event each year is the canned food drive they organize before Thanksgiving. They also give away three scholarships each year to QU students, help organize dances, and they sponsor the carnation sale. Besides being active on campus, they also go out into the community with their generous volunteer work. This year they could be found regularly at Washington school helping the young students.

**Standing (LtoR):** Mike Dietrich, Marta Gryglak, Maureen Kapusta, Kat Ryan, Becky Peterson, Tony Graves, Kim Dixon, Teresanne Sullivan, Dr. Keith Sprague. **Sitting (LtoR):** Wendy Hagele, and Rebecca Sosnowski. **Not Pictured:** Steve Klostermann, Maureen McMullan, and Cindy Mueksch.

Student Senate meetings, held weekly during the school year, provide an excellent forum for students to express their concerns about school policies and campus life in general. Composed of an Executive Board and Senators from each organization on campus, Senate deals with all aspects of the University, from housing to food service. Senate is under the advisement of The Dean of Students, Greg Warren.

**Student Senate Members (Back row):** Ed Gerber, president; Jen Niemira, Vice-President; Robin Desmond, Vice-President of Committee Affairs; Steve Klostermann, Secretary. **(Middle row):** Brian Czarnecki, Rachel Boles, Takashi Matsuhisa, Rachel Burke, Melissa Pratt, Jennifer Dupree, Julie Stephens, Kim Sibbing, Kim Dixon, Stacy Gulmantovicz, Julie Lickfelt, Darin Reynolds, Kate Ryan, Mike Dietrich. **(Front row):** Maria Marquez, Amy Arriola, Jennifer Schrecke, Matt Strohmeyer, Jeff Klausner, Mary Stachula, Dina Pascente, Amy Johnson.

# Black Student Perspective

Black Student Perspective, or BSP, is an organization dedicated to service and student awareness on QU's campus and within the Quincy community. The purpose of this organization is to provide a supportive atmosphere for black student on campus and to provide the campus with diversified ideas and events. BSP sponsored a host of activities on campus this year which included monthly poetry readings, a racism forum, and an interracial relationship forum. In the Quincy area, BSP helped with projects for the local Social Center which included creating and operating a "Haunted House" on Halloween for the neighborhood children.

## Karate Club

The Karate Club at Quincy University, in its fourth year, continued to be well received. Members practiced three times a week at the North Campus gym. The club sponsored a karate clinic given by Dr. Hiroyuki Hamada, holder of the ninth and highest degree black belt. They also participated in the Spring Eastern Collegiate Karate Tournament held in Norfolk, Virginia in April.

**Below Right: As participants in the College Bowl sponsored tournament, John Paunan, April Thomas, and Keith Reedy anxiously await the next question.**

The 1994-1995 College Bowl Team, led by moderator Dr. Gary Carter, kept very busy this season. Their first major competition of the year was a tournament held at Washington University in St. Louis. Later in the season, they hosted their own tournament, the Quincy University Invitational. They concluded their season by hosting the Regional Tournament with teams from both Illinois and Indiana in attendance. To raise awareness of the team and to get more people interested in their competitions, the College Bowl team hosted an Intramural Tournament on campus.

## Bacchus

year was a new program involving the Hawk's Nest. Every Saturday night, the Hawk's Nest was, for the first time ever, opened to members of the QU community who were under 21 where they were entertained by such activities as open mike night. They also sponsored activities for the Great American Smoke-Out and the National AIDS Awareness week. A pre-Spring Break Party was held to educate students about the positive alternatives to alcohol use during Spring Break. Overall, BACCHUS' programs create an awareness of the problems of alcohol abuse on campus.

BACCHUS, Boosting Alcohol Consciousness Concerning the Health of University Students, sponsors many activities on campus. One of their biggest successes this

# Student Ambassadors

Student Ambassadors are an integral part of the Admissions office both day and night. During the day, students give tours, answer phones, and meet prospective students. At night, the Ambassadors call prospective students to interest them in attending QU. All the Ambassadors help prospective students learn what QU is all about. They help the students connect to QU by answering questions about life at QU and the QU community. The Ambassadors are not just employees, but are also a close knit group of individuals that look to introduce students to the many opportunities that Quincy University has to offer.

# SAS

Student Alumni Services, as the name suggests, is the bridge between the present students and the alumni. Though we would all like to remain students forever, we must move on to being alumni. This organization works hard to help out the alumni and the present students.

Two of the club's main responsibilities are the exam week survival kit and the annual "Run for the Tower". The survival kits are prepared and distributed by members of this group. Unfortunately, "Run for the Tower" was postponed this year until a future sponsor can be found. In the meantime, this club stays on track so students and alumni will always feel a part of Quincy University.

## Ecological Journeys

Ecological Journeys is a new club that was started this year. Rich Brundage, vice president, founded the club because he wanted a club at QU that focused more on the environment and would use the club as a way to get in touch with nature. He thought that people from all walks of life on campus would be interested in this kind of an environmental club.

The advisors for this club were Dr. Alan Pogge and Br. Jim Edminston. As stated in their constitution, the purpose of the club is to increase environmental awareness through activities such as field trips, expeditions, guest speakers, projects, and movies. The club has already accomplished many of these goals and plan to start working on habitats and starting a water testing project on the Mississippi River next year.

**Back Row (LtoR):** Br. Jim Edminston, Todd Mcquistion, Jimmie Alston, Robert Gramke, Dan Leison, and Dr. Scott Lauders. **Middle Row:** Lohretta Eads, Melissa Moss, Kym Richmond, and Amy Johnson. **Front row:** Rich Brundage and Dena Pascente.

Dr. Klein and Tony Graves shared a lighthearted moment while exemplifying Quincy's commitment to the individual.

# Delta Sigma Pi

Delta Sigma Pi is the national business fraternity organized to foster the study of business in universities. The objectives of Delta Sigma Pi are to encourage scholarship, social activity, and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial ethics and culture and the civic and commercial welfare of the community.

QU alumnus, Jason Dively, not only spoke to Delta Sigma Pi members about how to dress for success, but he also shared his own secrets.

# I nternships and Work Study

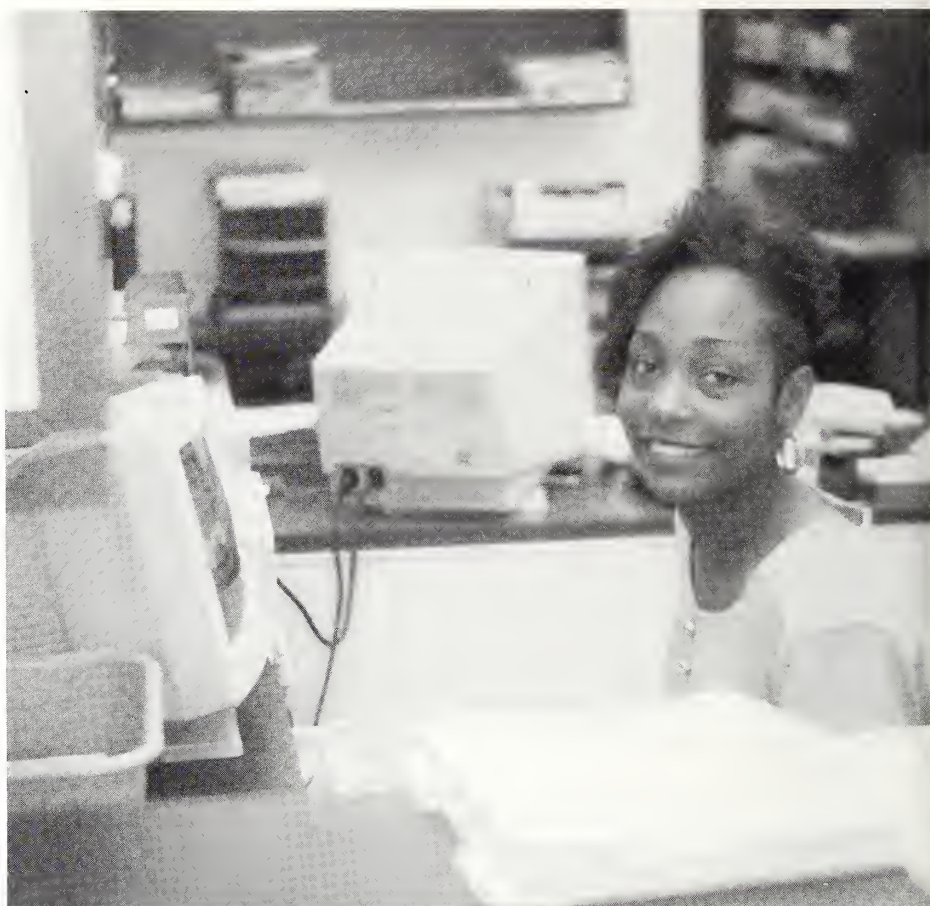

**Charnissa Holliday worked in Financial Aid to fulfill her work study hours.**

Work Study and Internship programs provide a great opportunity to gain experience that will be invaluable when it comes to looking for a job after college.

Work study allows students to work on campus and arrange flexible hours around their busy schedules. Students can be found, for example, shelving books in the library, giving tours to prospective students, or serving meals in the cafeteria.

Just as appealing are internship positions. Internships allow students to go off campus and gain practical experience in their fields of study. QU has one of the largest student interns to student body ratios in the state. Approximately 123 students worked in corporations such as Harris Corporation, Moorman Manufacturing, Broadcast Electronics, and KHQA.

Students find both the work study and internship programs very rewarding and helpful to their futures. Some internship positions have even turned into full time positions after graduation.

## INDOWS TO THE FUTURE

### *Commencement*

# Realizing A Goal

After years of looking toward graduation and thinking it will never come it arrives in an unexpected blur of activity. Senior year begins and the end seems as far away as the beginning of the first year. First semester vanishes and the last one arrives. Rarely does time fly like it does in the final semester of senior year.

Senior year is a time of reflection, of looking back to balance the turmoil of the future. Q.U. has been home for many years and it both embraces us and urges us on to the next challenge. Q.U. has developed with us; during the tenure of the Class of 1995 significant development marks campus. Lind Street was closed, Francis Hall improved with new renovations and nears completion, the Bookstore received a face-lift, and the athletic program experienced major development. Quincy University graduated from Quincy College, an improvement designed to develop beyond the normal growth and guarantee our pace with the ever-advancing goal of excellence. Not all of the changes have been met with elation, but all of them have become part of the collegiate experience at Q.U., making it unique, positive, and lasting.

The names and faces continue to change but what endures is a lasting fondness for Quincy University. This bond is shared by all alums, and at no time is this love for *alma mater* more evident than at commencement. The joy and ambivalence are seen on everyone's faces. Grads, faculty, family, and friends share the pride and pain of long hours and days spent together in such a close-knit community. Four years of exposure to new people and new ideas. Four years of working toward a goal that seems to move away as fast as you move toward it. Four years of successes and four years of failures. Four years of fun as friendships develop and grow. Four years of complaining about things that just don't seem to make sense. Four years of developing the understanding that a good decision won't always make sense to others. Four years of work, crystallized into a ceremony marking a goal realized.

# CHAMPAGNE BRUNCH

---

The Senior Champagne brunch traditionally kicks off graduation week. This year's Brunch brought together the Seniors for one last time before the graduation ceremony and was sponsored by the Annual Fund and Development offices. The Brunch is part of Senior Legacy.

The speech was given by Ed Gerber, Sr. Class President. Craig Hingle delivered the Benediction while Jennifer Niemira gave the Invocation. The toast to the Class of 1995 was provided by Julie Stephens.

**Below (Standing): Julie Stephens, Bridget Schreiber, and Michelle Anderson. (Sitting) Caryn Kelly, Jennifer Hackett, and Sarah Ohlendorf.**

Baccalaureate Mass is the seniors last celebration as a whole community at QU. The mass is full of Franciscan tradition and symbolism.

This year's Mass was held in Memorial Gymnasium and Fr. Ken Capalbo was selected to give the homily.

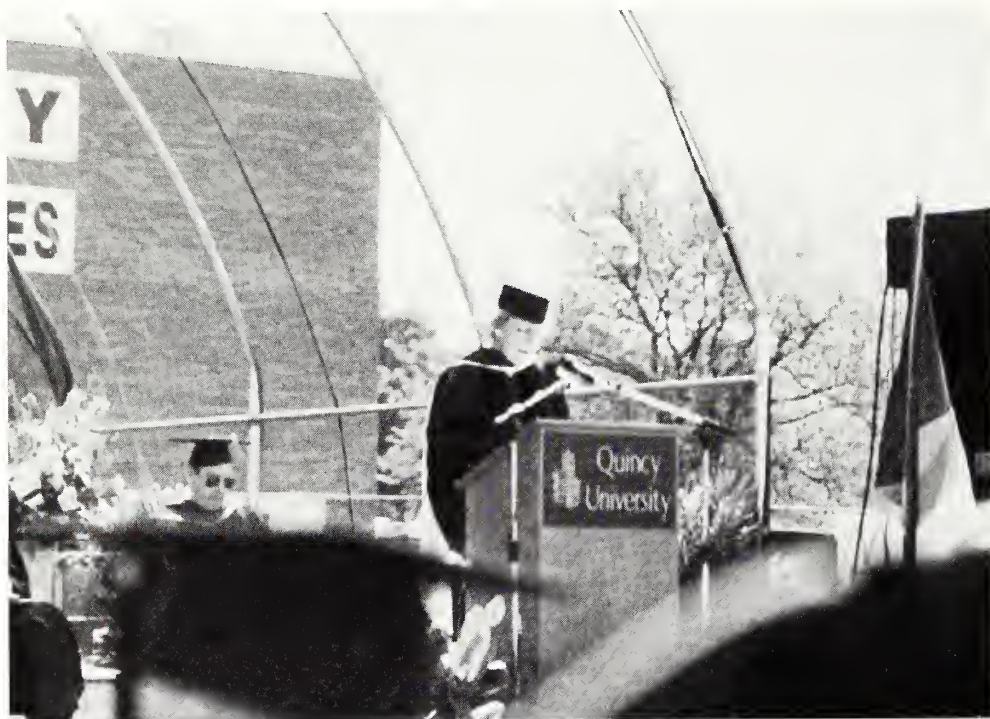

The Class of 1995 presented symbols of their years at QU of service, community, school spirit, and friendship. The Mass ended with a blessing of the students.

Fr. Ken Capalbo was selected to give the final homily to the Class of 1995.

# Commencement

Illinois Supreme Court Justice Mary Ann McMorrow delivered her speech to the 1995 graduating class.

Quincy University held its 132nd Commencement on Sunday, May 14, 1995. For the first time in school history, the ceremony was held outdoors at North Campus Soccer Field.

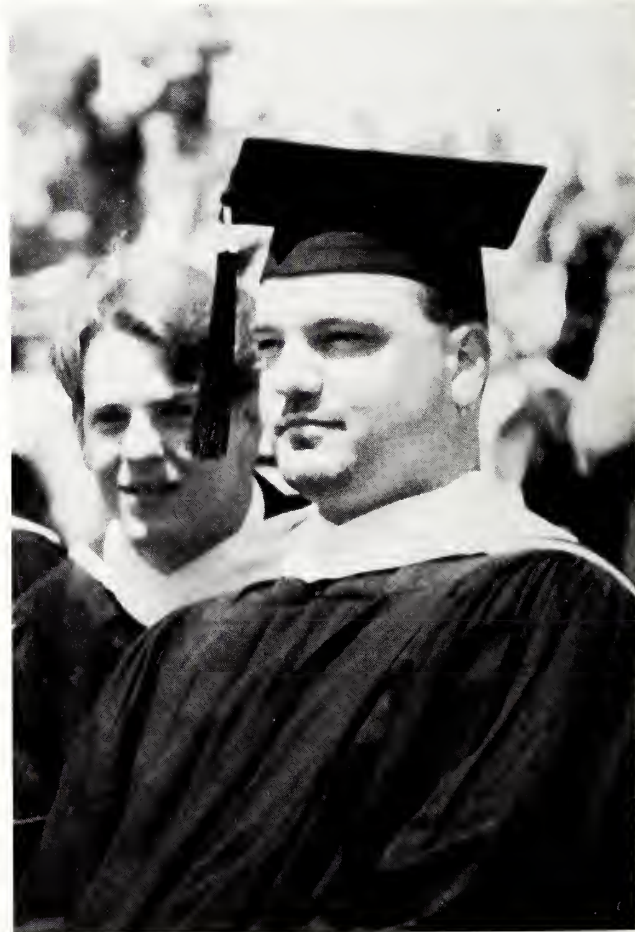

The Keynote Speaker was Illinois Supreme Court Justice Mary Ann McMorrow. She was presented with an Honorary Doctor of Laws degree by Dr. Mary Ann Klein, professor of English at QU.

Other Honorary Degree recipients were Edward and Dorothy Hopkinson, and William V. Dolan, MD. The Bonaventure Awards recipients were also rewarded with special recognition.

The day concluded many years of hard work by all of the graduates and was full of endings, beginnings, and many memories that will not soon be forgotten.
